... name. I moved to missouri to be with some family and was intro to her. she was my sisters bf so of course i thought i could trust her. She was dating the guy she lived so she would have a place to live, which i think was true and she said my sis knew and they both lied to me about that. Well my sis wasn't lying. steph was!! I then find out cuz of a txt on her phone, droid phone showed txt on main display, that she was f@cking a guy named zack. Oh and we had just moved in together and i was doing the laundry and found cum stains in her clothes, i always use protection so kinda not mine.. she has to be the stupidest cheater.... doesn't lock her phone and puts her cumed clothes in with mine dirty clothes. So needless to say i axed her and found out that she is doing it again to another guy who is turning a blind eye.

[Meet Someone Better](#)

My good friend Kendall was with Brenda for 3 or 4 years but she cheated on him with 2 guys at the same time on spring break last year. They were some place down in Mexico because it was cheap since there was a drug war going on down there. He took her and like 6 other people in the group for like a 4 days of partying. About half way through the trip they were hanging out in the ocean where they had this stage in the water with a swim up floating bar so like a concert in the water. Kendall went to the swim up bar with a few guys to get the group beers and shots but when he came back Bren had a guy behind her grabbing her boobs and and cheering and a guy in front of her she was making out with. He grabbed the guy who was kissing her by the hair but he never got to hit him because it got broke up right away. She was plastered and he started yelling at her louder than the music calling her a slut and a bitch. He got so mad that him and 2 other guys checked into a different hotel and spent the rest of the trip trying to get him laid by some other girl to make him feel better. He never saw her again that trip because their cell phones didnt work down there but when he got to the airport they were on the same flight and it was ugly. When he walked by her on the plane he was shouting if anyone wants to be in the mile high club 268 will be happy to accommodate you. He kept pushing the call button during the flight and when the attendant came he would talk really loud so she can hear him and say i think 268 is bringing a deadly disease from mexico back to the US. She cheated on him in another country and he made sure everyone knew about it to make her life hell it was great.

... My name is Judith Bradshaw Smith . I am from Stanley NC This 27 year old began paying my husband attention at work through a mini chat phone among co-workers at a trucking company he drove for She was concerned he never paid her any attention like the other drivers did when they came in off the road so she decided she wasn't gonna have that so she started sending him messages while he was on the road and pictures of herself she even sent one of her boobs she just had to have his attention at what ever cost ..She ruined our lives he said he didn't love her he just liked the attention that and she was 15 yrs younger than him he was intrigued I forgave him but believe me he is paying for it I'm trying to learn to trust him again & give him the attention he must've been craving . As for her she told him she had slept with 5 of the truckers that worked for the company he claims there was never any sex I'm not so sure about that she is married to Sammy Jo Pasour & has 2 young children & has no shame in ruining the lives of others just because she needs attention to feel good about herself . She is not all that I am 51 years old & she cannot hold a candle to me she also only started paying him attention after seeing me at the terminal one day & telling my husband he "Had a Pretty Wife" he is 9 yrs younger than me but looks older than I am . She played a game with him that ruined our life next month will be a year I found out I printed pictures of her I found on his phone & made copies to send to her husband but cannot stand the thought of hurting this man I am very concerned with others feelings but I really think he should know what kind of woman is raising his children I mean lets face it he sleeps next to her every night thinking she is the perfect little wife & mother but nothing could be further from the truth & I really think he deserves better

It always disappoints yet amazes me the number of women and men who blame and hate on "the other woman" or "the other man". Yes, affairs and cheating are heart-breaking, and for most couples, it's the loss of trust.

It makes me cringe when I hear of the wife or girlfriend screaming at the other woman, blaming her, and asking how could she/he do this? Don't they have any respect? What normal person with morals would tempt a husband or wife? Though I understand the pain of being cheated on (I've been through it myself), and I can understand that in those moments of vulnerability and pain, that we want to lash out at the "other woman", it's actually got nothing to do with the other woman. There is no such thing as a home-wrecker simply because if a third party can enter the relationship bubble, then your relationship was weak to start off with. There is no such thing as a home-wrecker because if it was all based on another person tempting our partner, or entering our partner's privacy with bad intentions, then no relationship would ever work out, and we might as well never have an intimate relationship, and they would never be worth it, and we could all remain single.

This smelly fat h'e has been cheating with every man she meets. Married or not. Just found out that she was messing around with my best friends husband and she thinks she got away with it, but little does she know that I know where her husband works and I will tell him. She doesn't deserve to be married. She is a cheating h'e and she will get caught. She works at Lexus in Tampa and she swears that she is the best looking woman there. She firts and gives herself to every man there and where ever she goes. Stay away from this h'e. She is a homewrecker and who knows what disease she has down below.

 Meet Someone Better

I am best friends with Amanda, I call her panda. I recently found out that she has been lying to me about her where abouts. I have discovered that she is into witch craft. About a year ago she hooked up with a guy that lives on our block. He is married for many years and has a young child with his wife. I didn't feel bad that she was hooking up with him because I was hooking up with his friend as well. It was good that we could hang out together. I found out that she actually went somewhere to do some witch craft against his wife so she can *** in a car accident. She had me find out what her car plates are and her cell phone number as well as her address. I feel bad about it now that's why I decided to put her on this website. She had a crush on him for years but because he was married nothing happened until 2 years later when he was most vulnerable. Before she would go to the movies with him trying to find an opportunity to sleep with him. She thinks she is better than everyone, whenever she likes a guy she does witchcraft against them so they can fall for her. She used to have sex with him in his car. She was well aware he was married, his wife was in my house hanging out a couple of days before she finally got to sleep with him. This is not the only time she has done this. She has a boyfriend and doesn't stop cheating on her because she loves sex so much. One of the reasons she joined the national guards was because its a higher male ration then women. She loves to experience all types of men, she doesn't care about who she hurts along the way. When she sees this she will probably hate me, but she is super secretive with me and shes my best friend!, so if she stops being my friend then I will get over it.

For you women out there meet the reason great men turn gay or ruined for relationships. This c'm dumpster goes around flaunting her tits in every guys face until she can take them home to and b/w them. She goes around acting all innocent trying to keep everything a secret but b/t'w you dry laundry is out. She chases after married men, men already in relationships and if you tell her there is a guy you like she will f'ck him too. She has to be the center of attention and have the guys buy her drinks or flirt with her. This b/t'h was even sitting up on a really nice guy that a girlfriend of mine was trying to start something meaningful with named Anthony that lives in Denver. I even met this one really good looking guy in Pueblo named Zachary and apparently she had already f'cked him too. This b/t'h has 2 kids already, leaves them at home so she can get f'cked and then comes back like nothing happens, I know if I had kids they would be my priority not f'cking guys. Its a shame that children in this world have to have s/t's for mothers. Her father must not have been in her life or was over around because we girls know that that if you have a real father you would always want to make him proud. She is the reason men treat women like sh't. Goes around f'cks them and drops them, as long as she can get off that's all that matters. But hwy if you think you got it flaunt it right, wrong she thinks shes got it and she f'cks everything instead. WHO does this b/t'h think she is. Oh yeah I have what I have to say about this man eater but apparently she already has her reputation going for her in pueblo as well. I know the about her and the Deherrera women. All of them are cheating s/t's. Her mother cheated on her father too, probably why her dad left around. No wonder she grew up to be a s/t all she had was her mom to look up to and show her what it means to f'ck your life over. How bout you get a life b/t'h and pay attention to your kids instead of going around looking for a new baby daddy. You obviously f'cked that one up too. Spread your legs where you live and quit destroying other peoples lives. I just found out alot recently but this is a long time coming. I bet her baby daddy is a male s/t too, has obviously not in the picture. He probably just wanted. She probably doesnt even know who the dad is. This b/t'h needs to stay the f'ck home. C'M DUMPSTER is her name.

Jessica Johnston, an ***** intoxicated wh'fe from Richmond British Columbia Vancouver BC & RCMP Forensic Scientist

Jessica is basically an ***** intoxicated wh'fe from Cowichan valley, living in Richmond British Columbia.

She is a pathological liar, do not trust anything that she says. Even when it's in her best interest to tell the truth, she will still lie. She is the most manipulative and dishonest s/t'k you will ever meet.

She gets really wasted and has unprotected sex with random dudes she hooks up with at bars in the Richmond, BC area.

She claims to have numerous one night stands and promiscuous sex with Bikers, Rig Pigs and Pilots!

After those hook ups, she will lie to you about how she has had recent "" tests, but will cleverly hide the results of her "" tests.

She is basically a promiscuous wh'fe. She's had unprotected sex with dozens and dozens of men over the years.

She is always in denial about her promiscuous behavior, because she will get drunk, drive to whelster with some random dude, have sex with him, and later when she's sober she will regret all the hundreds of cunts she's sucked that weekend and will claim she's "not promiscuous".

Sorry Jessica, but just saying you're "not promiscuous" doesn't make it true. You will have to do better than weath'd drinking to prove that your Vagina isn't the c'm dumpster that hundreds of men copulated.

Jessica is also a B/Pster and has to get randomly locked up at the Richmond BC Psychiatric ward when she gets too drunk and wh'fies it up at random bars and nightclubs.

Here is a tip Jessica. Instead of going to the bar and having 6-10 drinks a night (She believes this is moderate drinking and not alcoholism) you should take better care of your children, unless you want them to turn out to become professional alcoholic f'ck ups like you.

She's also a snitch for the "" and will rat you out and try to coax information out of you to report you to the "".

She claims she's not a snitch but has ratted many people out to the "".

Jessica told me once "I'm not drinking this week"

And I replied "But Jessica, you've always been an alcoholic wh'fe, what's changed now?"

And she got a f'ck upset.

The truth hurts you promiscuous pathological lying wh'fe.

Meet Someone Better

Most girls in Vegas that sleep with the amount of men that Salina does are either strippers or escorts. Salina is neither as she doesn't charge and she doesn't like to use protection. Currently married with an infant she has slowed down a bit but she slowed down for a little while after she had her first kid at 16. Her poor husband has had to put up with sooooo much in the short amount of time they have been together. He already attempted suicide once Salina got pregnant right about the time they started dating and ended up getting an ***** (she has had a few) because she didn't know who the father was. It was MOST likely Wayne ***** a married man who Salina had been sleeping with for about six months. When Wayne got fired from his job as security where Salina works Salina started dating and then married the guy that was hired to replace him. The sickest thing about it is Wayne and her now husband Rob are now friends. I hope that isn't Wayne's baby Rob is raising!!

To all of the women out there. If you find out your husband is talking to Salina get yourself tested! This dirty slut will sleep with your man anywhere at anytime!!

Dont be fooled by her fake act she puts on this b*tch loves the d'ck even when it doesnt belong to her.Great at being the sweet friend that you are glad to have but its all an act to get closer to your husband so she can try and seduce him rubbing her tits and ass all over them but cant find her own man.She is a known cheater in these parts but frequents the lower 50 and screws married men at business conferences.I know her whole act she gets the married mens numbers and starts sending pictures of herself in the bathroom mirror and when they start asking for certain poses she obliges happily and tells them to come get a look at the live version and if they bite she starts draining their bank accounts claiming she is a poor little girl paying of student loans.She is fine until you dont want to pay her bills anymore then she threatens to call the wife unless you prove you really care about her and fork over the cash.She has already broke up 3 marriages that I know of and there are plenty of guys out there too afraid their wife will find out so she is making out like a bandit having all expense paid for by maybe YOUR husband

There is a saying, "You Have to Pay to Play". Sadly some are willing to gamble the very thing they claim to love the most...(their family) for the game. The love and respect for and of your family should not be an afterthought but a forethought. You get what you pay for.... She's laughing at the way to the bank.

Meet Someone Better

Before I met her, she would willingly have affairs with Married Men who had, or had money. She would sleep with them and become pregnant. She would then threaten to inform their wives unless they agreed to pay her "a nominal service charge." At which time, she would then go and have an abortion. She was successful 6 times. Yes, that's right, she had six abortions! Physically unable to continue that scam so, she turned to the internet to find future victims. Unfortunately, I was her.

Obviously I didn't know any of this when I met her. I only found out after I married her and moved myself, and everything I owned to Mississauga, ON.

Within 6 weeks of us being married, I went to her place of employment to bring her lunch as she had called me at home and told me that she was so swamped that she would be unable to meet me for our planned lunch together. As I was pulling into the parking lot, she was getting into another man's car and driving away. I came to find that he was married as well.

There's wayyyy more to share of this horror tale... so be sure to check back for the added details as I find myself able to relive them to share.

Man, seems to me like you got dumped and went all f'kin physcho and immature. A lot of 1 sided b@tch'n mixed with a whole lot of jealousy I can't help but notice. Seems like you need help. On a side note, she's hot. I'd pick that and I bet I'd treat it better than you :

Meet Someone Better

Ever been to a concert and you see the s@tly girl that will do anything to get backstage yeah this is that girl. The one everyone makes fun of because she thinks she won a prize by getting rammed by an entire band. Did I mention she has a boyfriend? Im sorry I got ahead of myself. She is very much in a relationship with a man that will go nameless because he doesn't deserve to be forever linked to this c@m dumpster. She still thinks she can become a member of a band by playing the skin t@t. Everyone on campus have seen her f@t and ass because she pulls them out at every party when she feels anyone is paying attention to anyone but her. On the other hand she wouldn't be such a bad girlfriend if you were a really big fan of a band because if you wanted to meet them she would just go suck on their c@cks and hook you up. Awesome!! God this chick is a straight up w@t@ all jokes aside just pretend you play an instrument and use her then lose her.

She's young and probably too young to be committed. I don't agree with her antics, but I don't think she's like a serial cheater either. She's just trying to have fun in her own stupid way.

Meet Someone Better

so i have been with this man for over 3 years and we have a beautiful baby girl together. about a year ago he changed his phone number and wouldn't give me the new number. so i did some investigating and turns out the new number was linked to some escort ads on Craigslist and city pages (local paper) for the dirty nasty ho b**** named KASSANDRA MEYER and it said "I'LL PLEASE YOU ONCE, PLEASE YOU TWICE COME SPEND A NIGHT IN PARADISE". i gets worse, he has an apartment that he shares with her when hes not with me, so obviously they are sleeping together and god knows what else she knows about me and our daughter and has a child of her own that someone else is raising for her. i have over heard conversations between them about the drugs she gets for prostituting herself, she is uneducated, out of shape, UGLY inside and out and treats him like shd, but for some reason he wont leave her alone and be the man that my daughter and i deserve. i guess money is that powerful for some people. once he realizes what he is giving up for this disgusting whore he will regret it. AND TO KASSANDRA, I HOPE YOUR WHOLE FAMILY SEES THIS SO THEY KNOW WHAT A PROSTITUTE PERSON YOU ARE. YOURS ARE AND WHAT GOES AROUND COMES AROUND. I HOPE YOU GET RAPED AND BEAT BY ONE OF YOUR TRICKS AND END UP IN JAIL WHERE PROSTITUTES

Meet Someone Better

This girl is the trashiest sht around. She cheats on everyone she dates, and lost her virginity at 12 years old!! She's also a neurotic hypocritical needy bitch, that hooks up with her friend's boyfriends and exes. She's dating a guy now, but has cheated on him repeatedly and is supposedly in love with another guy. Pure trash.

Losing one's virginity at 12, is not ammo to call them a whore. HOWEVER, this picture makes me want to pop her in the face.

...name. I moved to missouri to be with some family and was intro to her. she was my sisters bf so of course i thought i could trust her. She was dating the guy she lived so she would have a place to live, which i think was true and she said my sis knew and they both lied to me about that. Well my sis wasn't lying. steph was!! I then find out cuz of a bit on her phone, droid phone showed bit on main display, that she was f@cking a guy named zack. Oh and we had just moved in together and i was doing the laundry and found cum stains in her clothes. i always use protection so kinda not mind.. she has to be the stupidest cheater.... doesn't lock her phone and puts her cumed clothes in with mine dirty clothes. So needless to say i axed her and found out that she is doing it again to another guy who is turning a blind eye.

... My name is Judith **Bridshaw Smith**. I am from Stanley NC. This 27 year old began paying my husband attention at work through a text chat phone among co-workers at a trucking company he drove for. She was concerned he never paid her any attention like the other drivers did when they came in off the road so she decided she wasn't gonna have that so she started sending him messages while he was on the road and pictures of herself she even sent one of her boobs she just had to have his attention at what ever cost...She ruined our lives he said he didn't love her he just liked the attention that and she was 15 yrs younger than him he was intrigued I forgave him but believe me he is paying for it I'm trying to learn to trust him again & give him the attention he must've been craving. As for her she told him she had slept with 5 of the truckers that worked for the company he claims there was never any sex I'm not so sure about that she is married to Sammy Jo Pasour & has 2 young children & has no shame in ruining the lives of others just because she needs attention to feel good about herself. She is not all that I am 51 years old & she cannot hold a candle to me she also only started paying him attention after seeing me at the terminal one day & telling my husband he "Had a Pretty Wife" he is 9 yrs younger than me but looks older than I am. She played a game with him that ruined our life next month will be a year I found out I printed pictures of her I found on his phone & made copies to send to her husband but cannot stand the thought of hurting this man I am very concerned with others feelings but I really think he should know what kind of woman is raising his children I mean lets face it he sleeps next to her every night thinking she is the perfect little wife & mother but nothing could be further from the truth & I really think he deserves better

This tramp seduced the married delivery driver by offering him blow jobs while he was delivering to her work. She would actually get inside of his truck while he was inside her work dropping off packages & wait for him. When he would return to his truck and ask her to get out she would physically pull his pants down & give him head. Being the horny jerk that he was at the time, he found it difficult to tell her no. Why do men find it so hard to stay faithful when a nasty hoe is around? He tried to break it off with her numerous times but she wouldn't accept this. He had to change his phone number AND his route at work so he no longer had to stop at her job. To make matters worse this whore had a live in boyfriend of 8 years that she claimed to love so much!

When confronted by Mr. Delivery Driver's wife this slut tried to play the victim! She acted as if she was completely innocent in all of this. She then went on to tell the wife a whole bunch of lies about things that had happened in order to get the wife to leave the husband. But the wife got to the bottom of things and in the end had the last laugh. Watch out for this tramp! She will sleep with your boyfriend or husband if given the chance no matter who she claims to "love" at the time. She prefers men who are taken. She has no self-esteem and blowing random guys seems to give her the ego boost she's looking for. I guess. She's the type of girl that a guy will use and pass on to his friends. She can't find a husband of her own because the men that sleep with her find her very annoying. Mr. Delivery Driver said she acted like a high school kid trying to be something she wasn't, very fake, she talked way too much, was so dumb she wasn't able to follow simple instructions & she had hygiene issues. He said he tried to get away from her many times but she was like some stray animal you feed once & it keeps coming back. He said she was the WORST mistake he ever made. So if you see her...RUN!!!!

This thing had a two year affair with my husband while leading him on to believe she was interested in him. She used him for whatever she could get. She knew he was married but didn't stop. She cheated on her boyfriend, Courtney with him, got pregnant twice (not with my husband) and killed both children because it wasn't convenient for her and she already has one daughter. Stay away from this loser slut. She says she is going to be a dentist but the fact is, she will be hugging the pole for the rest of her life.

Dianne and I were engaged in late 2008. She artificially manufactured a fight, then stayed mad at me for 2 weeks.

By the time we reconciled, she had secretly hooked up with some fat, diabetic-ridden loser whom she had dated before she met me. She thought she could date both of us at the same time.

She called me to come over early one morning, to complete our reunification (after the fight), whereupon we had some great sex.

Later that evening, I dropped on by, but I saw his vehicle in her driveway. I was incensed!!!! I entered her house (we were engaged, after all, and she had given me the code to open the garage door, so I could access the house), and here is Dough-Boy, sitting on the couch with her, making time, and acting very guilty.

She became furious (that I had discovered her dishonesty), and that was the last time that I ever talked to her.

She and the Loser got engaged themselves 4 DAYS LATER. She had to pay for her own engagement ring, he was too cheap, and too broke to buy it himself. They eventually ended up getting married, but reports tell me that they are not at all happy...and he is still an unemployed, Diabetic Deadbeat.

They call themselves Mormons, and are supposed to have the highest character, but her lying and sneaking around and immoral behavior state otherwise.

This f'cking c*nt deserves this and I hope she burns for it

Meet Someone Better

This girl used to be my best friend until she dated the guy that I liked. She is nothing but a whore and lies about everything. She has told so many lies about how she's pregnant by my ex boyfriend and his friends. She is the most hated person in Adrian, Michigan. She doesn't know how to treat her friends or her boyfriends. She talks shit about everyone and thinks she can get away with it. She cheats on every guy she is with. She is now pregnant by my best friends brother. She opens her legs to any guy she sees. She is not so innocent.

This pathetic excuse for a woman throws herself at married men. Thinks it is fun deceiving and plotting with them to not tell their wives. She carries around her report in her purse and has to get quarterly retests, nasty! She also does not believe in birth control and just aborts all the babies she gets impregnated with. Sorry the picture is so far away, she is so nasty that is how she takes all her pictures I guess and her Facebook profile is Minna Banano (this must be her stripper name)? Notice she has to hang on to a giant shaped object at all times. She can't really in the adult entertainment industry just think that is her dream!

Ha ha ha! LOL! I knew this loose female would have a profile on here! I was an intern in the HR department where she worked. She had the cheekiest attitude in the (Ging) catz and everybody knew she was the company star. On the phone calls/calls we received! Lol.

On some HR paper work we got our hands on said she was demoted and given a pay cut for "gross sexual misconduct". The company did this hoping it would give her cause to seek other employment because dept. transfers didn't help. Many complaints from other employees including: misuse of company email, and drinking during lunch breaks, she was soon giving oral sex in the company parking lots.

I dont know if you are a believer in my mighty Christ pls read:
 Ephesians 5:5

For you may be sure of this, that everyone who is sexually immoral or impure, or who is covetous (that is, an idolater), has no inheritance in the kingdom of Christ and God. Pray through this sister. Im going through almost similar problem with my fiance of 6 years. Ladies dont ever try to get a taken man to cheat. Cause if he does cheat on her for you, he'll cheat on you for another girl too. If you pride yourself in taking other women's men or being the other girl you are pathetic and in no way a woman man.

This person is one of the most vile women around, she preys only on married men and has wrecked 4 families so far.

She works at ** and has been responsible for destroying families by hooking up in cheap trashy hotels with married men after work. She unfortunately has also a tendency to pass on *** as she refuses to use protection.

It has been confirmed that the father of her little girls is one of 3 married men she was messing with at the time. She is surrounded by trashy people who cover her tracks for her and her parents (who she lives with) babysit the little kid while she goes off hooking up with married men. She even introduces her child to the married men she hooks up with.

She has not had a single relationship with an unattached guy in the last 8 years and many managers at her workplace had to quit because of the effect it had on their family lives when they hooked up with her.

Her HR file has documented evidence of her conduct in it and she has lost the chance of a promotion after messing up with a married man and his wife dealing her a generous dose of karma.

This girl is so repulsive she feeds false stories of having been ****d at 16 to get the men to keep sleeping with her despite her shocking inability to please men in bed.

It has been 100% confirmed that she was never ****d as a teenager. After further investigation it has also come to light that she has slept with 2 of her close friends partners and has now set her sights on another married man.

If your husband works anywhere near this piece of trash keep an eye on him she is vile but clever in her approach, to many people the fact that she is ugly and fat might give them a false sense of security but this leach has perfected her game so watch out. One of the husbands involved wrote her a pretty graphic letter about how repulsed he was after sleeping with her. Shes simply not worth it.

This girl has no class or self respect!! She practically dry humps every guy as they are sitting at the bar in an attempt to "seduce" them. Basically thats because none of them will give her the time of day because theyve either already had her or know that she has more than one ***!

Also, she works at an auto shop and was caught s**king off the boss in one of the clients cars during a "break" This chick is so used and doped up... just local bar trash and nothing more!!

She doesnt care if someone is in a committed relationship...shes gonna try to scr*w em either way

 Meet Someone Better

Lonna Ashworth is a married female with children and Proys on Married Men to have long or short term Affairs with. She works at ***** in Rancho Cucamonga CA and uses her place of employment to meet Married Men. She is not shy about what she does and talks freely about her cheating ways, of course when her husband is not around. According to her Manager at 24hr Fitness she has been confronted multiple times by the wives and girlfriends of the Men she is Cheating with. She is willing to do sexual acts in parking lots, in a car, hotels, at the Married mens house, pretty much anywhere except her own home where her husband and children are living. She has been cheating on her husband for the majority of her 14 yr marriage and is looking and willing to leave Her husband for another womans husband.

For the Married women out there BEWARE because Lonna Ashworth has no problem having sex with your husband in your bed. I would hate for anyone else out there to be a Victim of this disgusting Female with no Morals!!!!

My ex husband is the one dating Lonna. She and I have become very good friends and treats my son like one of her own. I know the girl who wrote this. Her name is Michelle and she stole my husband away from me 5 yrs ago. She cannot let go. She is the one who is the paid escort on Craigslist. My ex husband told me that he would drive Michelle to her "customers". Everything she said above about Lonna is a LIE!!!! I think if I can get along with my ex-husbands girlfriend (Lonna) then that should say something about her. Come is going to bite you in the ass Michelle!! I never did anything like this to you and you ruined my life and my poor son's Momma hates you. Shame on you *****. What's the female with no morals!!!!

Surprisingly not surprised to see Lonna on here. As far as I know she is Married and Absolutely cheats on her Husband. This is pretty well known, maybe she has an open relationship with her husband.
